Notes We were not able to plant 320 acres of cotton this year, even though it had been ripened listed & ready to plant. A 40% water allotment required we not farm 25% of our land. That means 25% fewer employees, 25% less income, 25% less taxes, & 25% less for all related industries. We cannot continue to farm like this!

Please read suggested speaker guidelines on the back side of this card.
